GENERAL ELECTIVES
Any four economics courses at the 300-level or above, with at least one course at the 300-level and one course at the 400-level. Courses 500-549 can only be counted toward the major with approval from the director of undergraduate studies.

- ECON 3
- ECON 4

General Restrictions
- A maximum of TWO economics transfer credit courses will be accepted toward the major (A.B. or B.S.). This applies to courses taken in the United States and to study abroad courses. One exception is the London School of Economics full-year (fall & spring) program, from which a maximum of FOUR courses may be counted toward the major.
- ACES enforces prerequisites for many ECON courses.

*Students with credit for both AP Macro and AP Micro (4 or higher) may receive credit for ECON 101. To receive credit for ECON 101 using an international standardized exam, please visit http://trinity.duke.edu/undergraduate/academic-policies/credit-AP-IPC-PMC for qualifying scores.
**Prerequisites are enforced for ECON 205D. They include ECON 201, MATH 111L and either MATH 212 or MATH 212 or MATH 222.
Students should note that these requirements are almost identical to B.S. major requirements. Any student who fulfills A.B. major requirements will also have fulfilled B.S. major requirements and will be certified for that degree. For this reason, we recommend students change their degree objective to B.S.
